Details

- Download the zip file for Assignment 2 which contains the Jupyter Notebook for the assignment.
- Add your name and SMU ID to the notebook
- Write code for the functions specified in the assignment.
- Read and follow the coding guidelines found in the file PythonCodingGuidelines.docx
- Each code cell is followed by a cell that contains assertions that will test your function.
- Work on the functions until you pass all assertions.
- When done, create a zip file: a2.lastname.zip that contains your Jupyter notebook named a2.lastname.ipynb
- Submit the zip file to Canvas Assignment 2
